

To: Village of Brown Deer Building Inspection Department

From: Swimming Pool Owner

As the owner of an above-ground swimming pool, I wish to exercise the two (2) year extension option to comply with Section 9-6.03 (b), regarding safeguarding access to swimming pools. I understand that during this two (2) year extension I must comply with the pool regulations governing securing access to my swimming pool previously in effect. I understand that if I choose to use the pool cover option previously in effect, I must use a cover that is capable of sustaining a person weighing 150 lbs., keeping it securely fastened in place at all times that the swimming pool is not in actual use, attended or under immediate surveillance by a person not less than 14 years of age. I also understand that if I fail to comply with these regulations during the extended period, I can be issued written citation(s) by the Building Inspector and will be required to immediately comply with Section 9-6.03(b) of Ordinance No. 91-22, the two (2) year extension period being rescinded.

I further agree that all other regulations governing the proper installation and use of my swimming pool will be in compliance with Ordinance 91-22.

Address: 4020 W. CALUMET RD.
